Extensive positioning options.

Our versatile Modulite seating system gives a personalised position for extra comfort and support.

Ranging from more basic seating requirements through to more complex postural needs, the modular design maximises positioning possibilities.

Complete solutions

Extensive range of seating options including backrests, seat cushions, armrests, headrests and many others.

Comfortable & safe

50° powered tilt, 300 mm seat rise with 45° tilt bring comfort and security.

LNX legrest

Extends in both length and elevation, working with powered recline to help reduce shear.

Award-winning Matrix®

Personalised Matrix seating options to ensure an optimum fit every time.

Range of tilt options

Provide pressure management and maximised comfort.

300 mm of seat rise combined with up to **45°** tilt positioning

| TDX® SP2 NB Modulite

Modulite seating. Modular versatility.

Our most popular seating solution is designed with you in mind. With a modular approach, our Modulite seating is easily tailored to perfectly fit to give exceptional comfort and support.
